

A DAY AT THE GLENNER CENTER

Bygone Days Productions™ is the Glenner Centers' person-centered enrichment program that engages participants in 5 key areas with the goals of helping our participants to feel safe, enjoy each moment and maintain their abilities. Bygone Days Productions™ promotes accessing memories from days gone by.

Our enrichment program is based on our knowledge of dementia, our dementia-friendly environment, our use of Glenner GRACE™ (our person-centered care philosophy), our understanding of each individual participant and our 5 specific areas of activity focus:

S.P.I.C.E. (Social, Physical, Intellectual, Creative, Education).

For more information on Bygone Days Productions™, please contact our Education Department at 619-543-4700 or email dementiacareeducation@glenner.org.
